Key Citizen Priorities for Railway Budget 2015-2016:

1. Top priority should be given to significantly improving Cleanliness and Hygiene of Toilets, Pantry Car, Rail Coaches, Tracks and Railway Stations
2. Provisions for passenger safety should be upgraded in trains and on the platforms
3. Funds should be allocated for upgrading safety- staff augmentation/training needed for Railway Police Force
4. Ways to prevent entry of unauthorized persons on the station and in reserved compartments must be developed and implemented with immediate effect
5. Electronic surveillance should be increased on stations and inside trains
6. Anti-Collision devices should be installed in trains to prevent fatal accidents
7. Railway ticket booking system should be improved; system and server services should be upgraded to the latest technology
8. Process should be made easier for passengers to book tickets, agents should be eliminated and TTE/Counter discretion minimized for last minute cancellations
9. Emergency/VIP quota should be reduced by 50% and it should be accessible for genuine needs of citizens
10. An effective citizen helpline (accessible via voice, sms, web) for train status and complaints should be instituted and maintained
11. Strengthen catering system to deliver hygienic food and service in trains
12. Modernization of stations needed in terms of facilities, amenities (better water, meal), luggage and passenger management, accessibility for disabled, parking, etc.
13. Number of 2nd and 3rd AC coaches should be increased to keep up with demand
14. Passenger fare should be lowered due to falling diesel prices
15. Bullet trains should be introduced and the speed of the existing trains should be increased
